THE L.T. Wright Collection of RARE United States PAPER MONEY

. . . one of the most extensive collections ever assembled.

Price: $5.00

Lyn F. Knight

Dear Customer and Friend:

It is with great pleasure and personal satisfaction that I have been able to purchase, catalog and offer for sale the J. T. Wright Collection. Even though I have never met Mr. Wright personally, I feel that our basic love for currency is very mutual. Only with a great deal of dedication could one man accumulate such an excellent representation of United States Currency. I am sure that the decision to dispose of the collection and give other collectors a chance to purchase these great rarities was a painful one indeed.

I sincerely feel that this catalog lists something for everyone and it will be a reference work and price guide for sometime to come. I hope that I haven't forgotten to picture any significant notes and that the descriptions are true and accurate representations of the notes.

Also included are selections from my regular inventory, the LaVere Redfield Estate, and new purchases from coast to coast which should make the catalog a little harder to push aside.

Because of the magnitude and rarity of notes in this catalog, we will endeavor to arrange terms to fit your budget so you won't be kicking yourself next year for the one that got away.

I wish to thank and acknowledge my partners in this joint venture, Steve Ivy and Ivy Financial Corporation, for arranging the purchase of this great collection, giving me the opportunity to participate in its sale, and for the preparation of this fine catalog.

Good luck, happy hunting, and don't hesitate to call if you have any questions concerning any notes in this catalog or any that you may have special interest in.

Sincerely,

Lyn

A WORD FROM THE COLLECTOR

BY J. T. WRIGHT

Paper money is an established way of life in the United States. There was a time during financial crises and wars, such as the Civil War, that paper money was not readily accepted and hard money was preferred.

During the mining period and growth of the old West, gold and silver were much preferred to paper, and in many cases it would not be accepted as legal tender. Today, billions of dollars of currency flow throughout our economy and their legality is never questioned.

The first public paper money in America was issued from Massachusetts Bay in 1690. The currency was used to pay for the military expedition to Canada during the time of the King Williams War 1689–97.

The Continental Currency issued during the Revolutionary War (from which came the famous phrase "Not worth a Continental") is worthy of great historic interest. No less important are the "Broken Bank Bills", a term applied to the bills issued by private banks which went broke or failed. Another important issue was the Confederate Currency, which was printed by the South during the Civil War.

We hope you will enjoy this collection. I have enjoyed every minute of collecting it and appreciate the help and patience my wife has had.

GRATITUDE TO THE PIONEERS

We should thank the Grinnells, Blakes, Greens, Schermerhorns, Wades, and so many others who, at a time when paper money was often referred to as "The Orphan of Numismatics", accumulated and preserved the notes that today grace our collections. Gratitude should also be expressed to the departed journalists—the Dillistens, Limperts, Golds, Wisners, Friedbergs, and others—whose legacy is the priceless information that allows us to collect intelligently. In a very real sense, we are enjoying the fruits of the labor of those who have gone before us. I sincerely hope we never forget these outstanding men nor their contributions to our present endeavors.

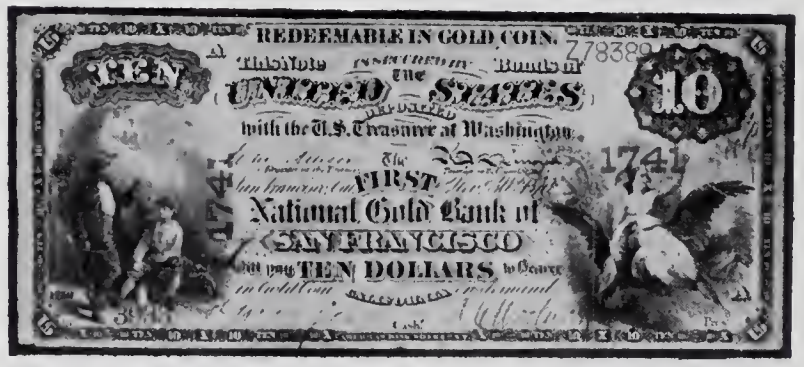
Gold Bank Notes

$5 Fr. 1137 National Gold Bank and Trust Company of San Francisco No. 1994 VF/XF. This very rare San Francisco Bank only issued gold bank notes and was only in business until 1879. This note is not only the best I have ever seen on this bank, but also it is probably the third best gold bank note I have ever been able to offer. $2,750.00



$10 Fr. 1142 First National Gold Bank of San Francisco No. 1741 F. This note, while appearing very presentable, has had the lower left hand corner entirely put back on the note. It was torn off and has been repaired, but it is undistinguishable without close examination . . . $850.00

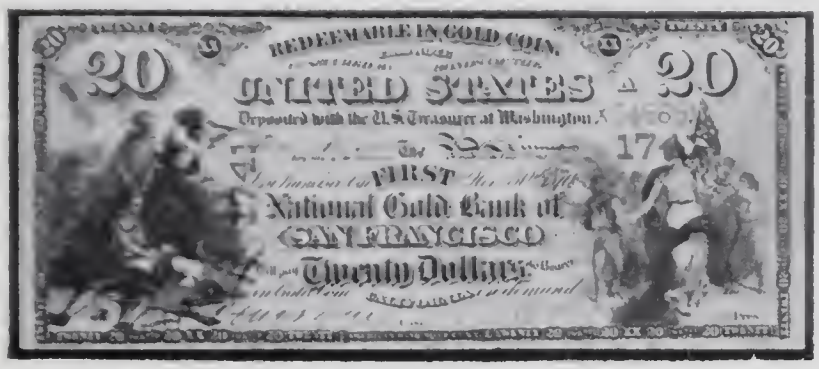
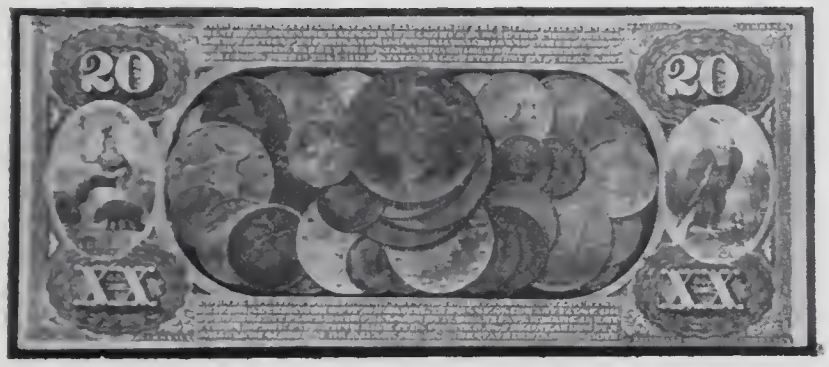
Gold Bank Notes, (cont'd)





$20 Fr. 1152 The First National Gold Bank of San Francisco No. 1741 VF. While this $20 note doesn't have the brightness of the $5 listed above, it is still a very, very nice presentable note with no tears or problems. Certainly one of the better known $3,500.00

$100 Fr. 1162 First National Gold Bank of San Francisco No. 1741 F+. This is one of only four or five $100 gold bank notes known to exist and, to the best of my knowledge, the condition of this note is equal or possibly even slightly better than any of the known specimens. This note has one tear on the right hand middle of the note that has been repaired with a piece of tape on the reverse. This repair has been done excellently and has saved the note from further deterioration. I feel that this is one of the most significant rarities in the entire collection, and it is a note that I probably will not have the opportunity to offer again for many, many years. $14,000.00

$50 1882 VB Canal Commercial National Bank of New Orleans No. S5649 XF. I feel very fortunate to be able to offer a note as rare as this $50 Value Back. It is one of only four specimens known, three of which are on this bank and one of which is on the Winters National Bank of Dayton, Ohio. Unfortunately, the Dayton note rests in the Federal Reserve Bank in Chicago, so it is to be assumed that it is currently out of circulation, leaving only the three New Orlean's $50's for possible purchase. However, both other notes will probably not surface for many years to come if indeed they are ever sold again to the public. So I feel confident that in the next few years this will be the only $50 Value Back to be offered. Between the two banks issuing $50 and $100 Value Backs, only 2,857 sheets were issued for circulation. That means only 8,571 $50 Value Backs reached the public, which adds to my contention that this is one of the rarest notes ever to be offered. There is a slight stain on this note both on the obverse and reverse sides which detracts only slightly but if it wasn't for this stain the note would probably grade at least 1 and maybe even 2 grades better. It is truly a beautiful note and to the best of my knowledge is the finest of the three known. $19,500.00

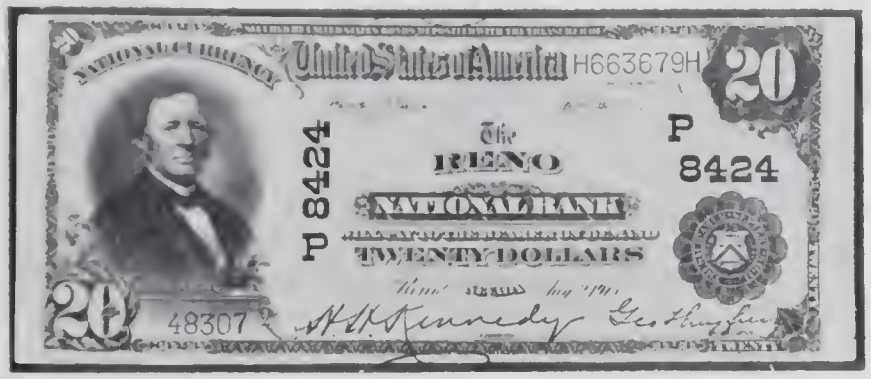
NEVADA

Carson City

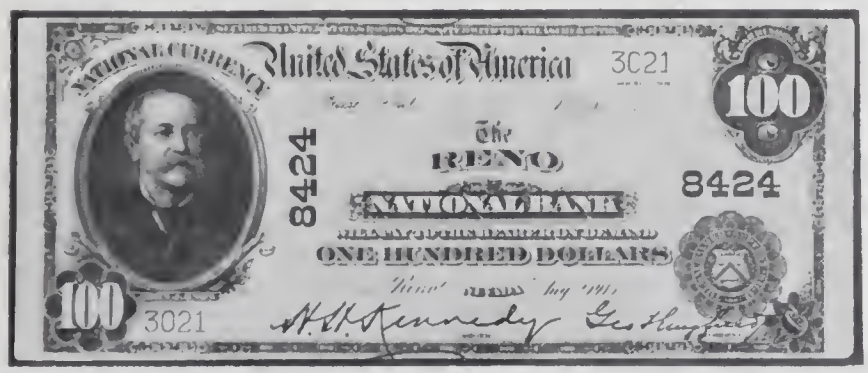
I feel very fortunate to be able to offer a reasonably large selection of Nevada national bank notes. I just purchased the LaVere Redfield Estate currency and I am proud to offer a small but nice selection of notes.



$20 1902 ND The Reno National Bank No. 8424 Ch. XF/AU circulated. This is probably one of the highest grade Nevada large size national bank notes to come on the market in some time. It is a real beauty and I am sure that some people would try and pass it for uncirculated even though it's not quite there. If you have been looking for a Nevada note for your state collection, this is a perfect opportunity to pick up a real beauty. $1,250.00

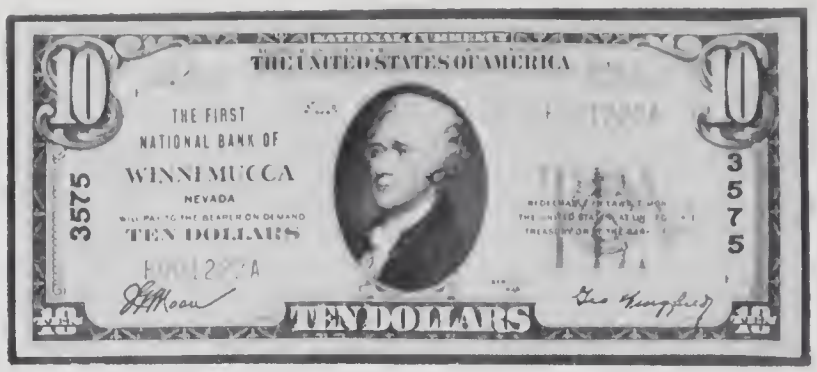
$20 1929 T2 The McGill National Bank No. 9452 Ch. Au. This note came from a cut sheet and bears the serial No. A000003. Only the slightest mishandling keeps this note from the Uncirculated category. This bank issued only three sheets of T2 $20 notes $1,650.00

$100 1929 T1 The Reno National Bank No. 8424 F. This is the cheapest Nevada note out of the hoard, on top that it is a $100 bill. I know it won't take very long for this one to get snapped up. $335.00



$100 1902 ND The Reno National Bank No. 8424 F+. To the best of my knowledge this is only the second $100 Nevada large size national note to come on the market. The other one is in much worse condition. I wish there had been ten or fifteen of these in the collection but unfortunately there was only one. $2,000.00

$10 1929 T2 First National Bank in Reno No. 7038 Gem Uncirculated. For a person desiring to complete an Uncirculated set of notes from each state, this note is surely the most reasonably priced Nevada specimen available in Gem condition $950.00



$10 1929 T1 The First National Bank of Winnemucca No. 3595 Ch. CU. This note is a real beauty and it happens to be from the home of all known Nevada brownbacks. Also one of the most popular nationals from the entire state. You better call to reserve this one because I am sure it won't last long. $1,150.00

$5 1929 T1 The Chase National Bank of The City of New York No. 2370 Ch. CU. This unique pair of notes consists of the two $5 bills on the Chase, one being serial No. A999999A, the other being A000001B. To the best of my knowledge, the Chase National was the only bank to issue the B suffix notes on T1. Therefore, this combination is a once in a lifetime opportunity. This would have been the top note from the last sheet of the A suffix and the top note from the first sheet of the B suffix. We find notes with all of the same digits frequently. It is very uncommon to see this in the national bank note series and this is the only serial No. 1 B suffix note that I have ever seen of heard of and I feel that its rarity places it in a class by itself. Because of their uniqueness, I hesitate to quote a firm price on this pair of notes. I ask that interested buyers contact me to discuss personally the possibility of their acquisition . . . . . NEW YORK
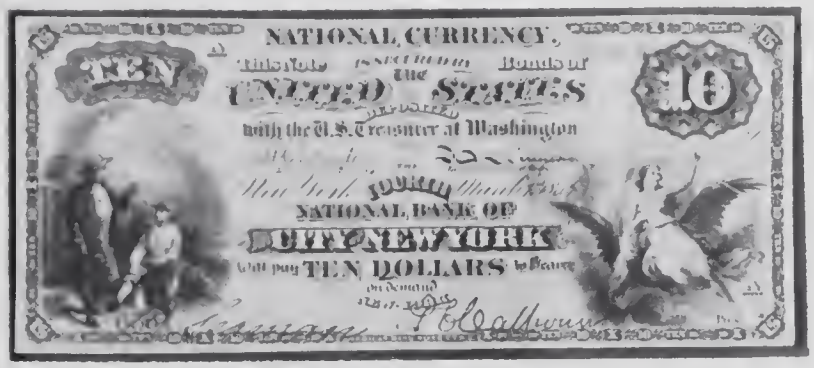
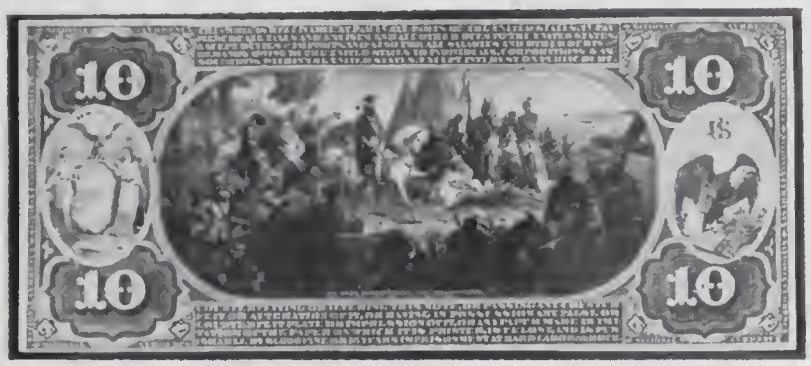
Albany, (cont'd)

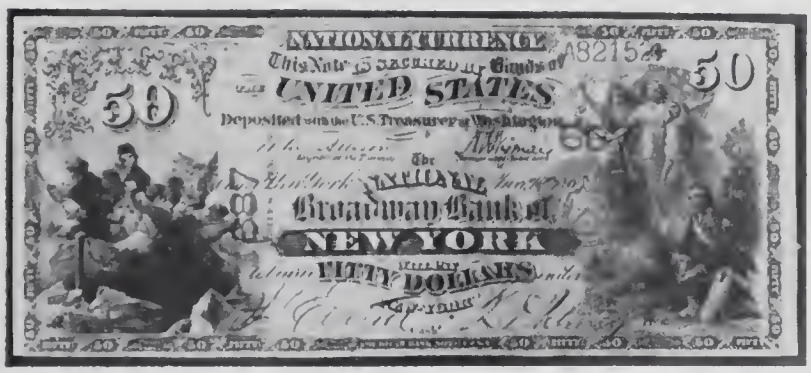
$10 1929 T2 Chase National Bank of the City of New York No. 2370 CU. The reason this note is $200.00 is because it is serial No. A000001. The first $10 T1 note to be printed. $200.00

$1 OS The First National Bank of Jamestown No. 548 F+ $250.00



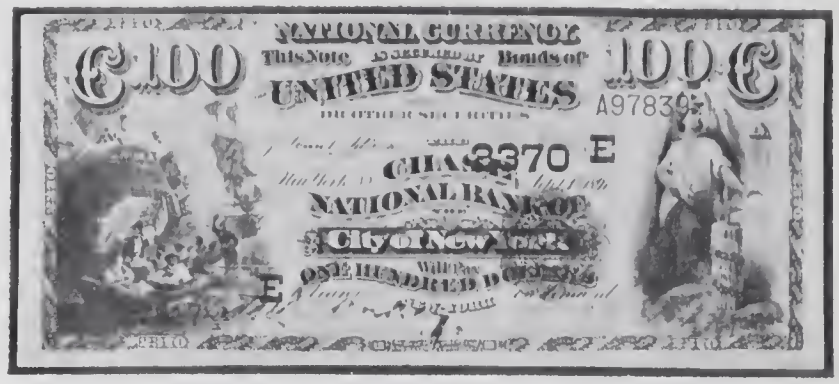


$10 OS The Fourth National Bank of the City of New York XF+ $450.00



$50 1875 series The National Broadway Bank of New York No. 687 F+. This note is Fr.444A. To the best of my knowledge it is still unique as it was when it was discovered in 1960 and first brought to the ANA. At that time the asking price was $10,000.00. When Mr. Wright bought the note Perlmutter suggested that the retail value at that time should be possibly $12,500.00 or $13,000.00. Unfortunately, we don't find the strength in signature combination collecting there once was. We do feel this is a very nice First Charter $50. It is blue end paper and is a very presentable note from a very scarce bank. Certainly, if you go for the unique, this will fill the bill $7,500.00

$20 1882 BB The Hanover National Bank of the City of New York No. 1352 XF $225.00



$100 1882 DB The Chase National Bank of the City of New York No. 2370 VF. This note is rarer than would be expected since there are a number of second charter $50 notes on this bank but this is, I believe, only the second $100 I have ever seen. Still, it is priced as a type note and represents an excellent value $775.00

$20 1902 ND The National City Bank of New York No. 1461 XF/Au. $55.00

$10 1902 ND The American Exchange National Bank of New York City No. 1394 XF $45.00

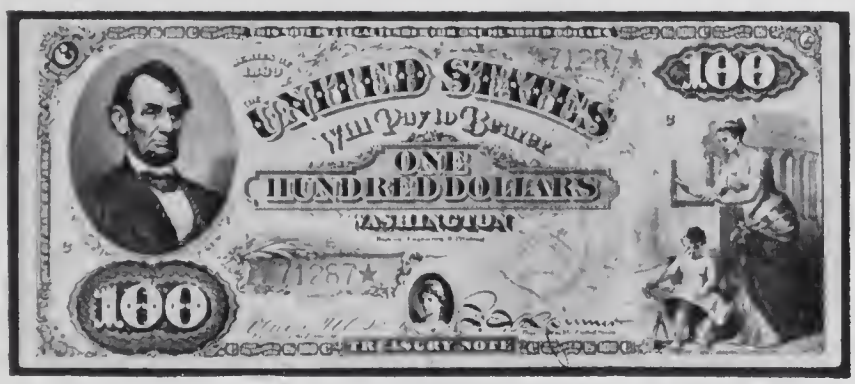
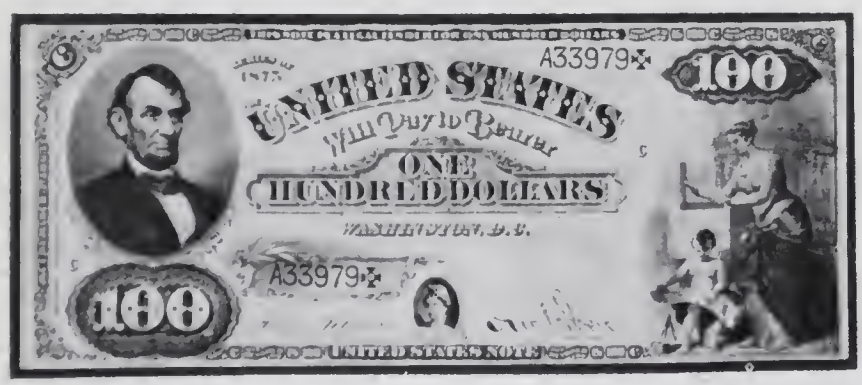
Fr. 165 $100 1862 VF/XF This and the note listed right below it are probably my two favorites of the whole collection. This spread eagle $100 note to me appears to be as beautiful as any note ever made. The rarity is definitely there and the opportunity to obtain one is seldom. To obtain two different Freidberg numbers at the same time is almost unheard of. $5,750.00

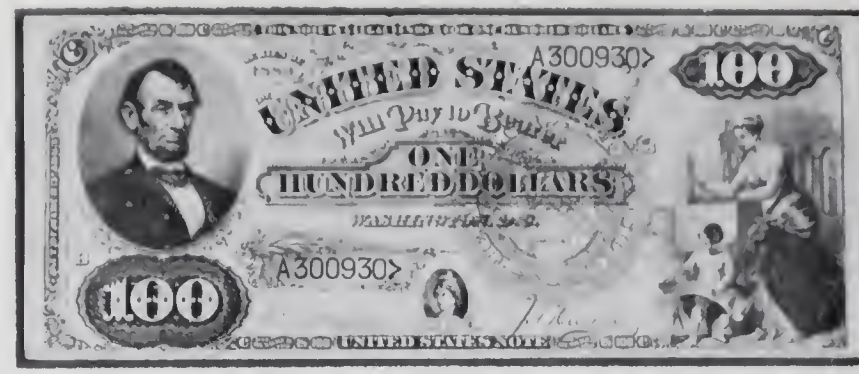
Fr. 167 $100 1863 VF+ They say a picture is worth a thousand words so I have included a picture of both of these notes. $5,750.00



Fr. 168 $100 1869 XF/AU Believe it or not this is not the same note that was listed in our last catalog, and at that time I said it was probably the rarest note I would handle this year with less than twelve known, but the Wright collection has brought me my second note of this type. The other one was sold from our catalog listing. This note, a true rarity is beautiful, bright and presentable and well worth our asking price.. . . . . $11,000.00



Fr. 169 $100 1875A VF To the best of my knowledge this is one of only two notes known. The other note sold two years ago for $11,250.00 and it was virtually uncirculated. Of course, this note isn't for everyone, only for a person who wants to obtain one of the finest collections available. You can throw away the catalog when you are looking at this price because I have never seen one offered for sale before and I would be surprised if I ever see another one offered for sale other than one of the two specimens already known. $6,500.00



Fr. 178 $100 1880 VG I know several of you customers are trying to put together a complete set of 1880 $100's. This is nearly an impossible task and only one person can be lucky enough to obtain this note. Good luck. $1,900.00

Fr. 283 $10 1878 XF+. This is a very rare counter-signed 1878 $10 silver certificate. Countersigned by J. C. Harper payable at New York, deposited with the Assistant Treasurer of the United States. This specimen offered above is the Freidberg plate note and was formerly owned by Morris H. Lowenstern. In an article printed in Numismatic News April 19, 1975 by Walter Breen it reports that to the best of his record that five specimens with this signature combination are known. There was only a total of 20,000 notes issued in 1878 and I certainly know that in the last five or six years I have never been offered a specimen in any grade let alone one of this quality. The Friedberg catalog value on this note is $2,000.00 in F. Now I am not sure what that's supposed to mean, but I know that it doesn't mean what I would pay for another one and it certainly doesn't mean what I would sell the one I have for. $14,000.00

Fr. 290 $10 1880 VF. With the catalog value in Very Fine of only $750.00, I suppose many people would wonder where I got this price but, unfortunately, in my record keeping, I cannot find prices of a large number of specimens that have been offered for sale in the past few years. In one of Breens articles he makes mention of this large red seal note and rather than referring to specific examples he can only say that it is much rarer than would have been previously indicated. I certainly agree with this fact but would appreciate knowing about any pieces that might help me shed light on this subject. $3,500.00

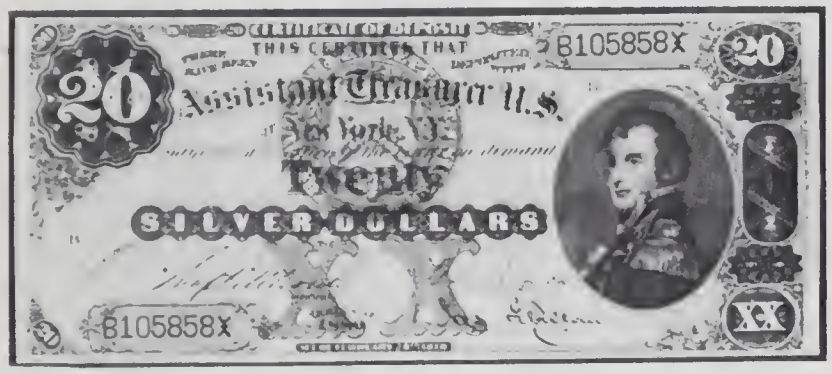
Fr. 305 $20 1878 XF This is the excessively rare $20 1878 countersigned by J. C. Hopper payable at New York, deposited with the Assistant Treasurer of the United States. Again there are 20,000 notes of this series issued and Breen's article mentioned in Fr. 283, he had seen only one. The one we have is a different note, but at this time we know of no others. The history behind the issuance of the countersigned 1878-1880 Silver Certificates is a very interesting story in itself and I would be happy to send a copy of all the articles that I have to anyone interested. We must remember that notes of this caliber are not offered regularly. A person should take advantage of this rare opportunity because I can't possibly say when another not will turn up. $12,500.00



Fr. 308 $20 1880 XF This is the 1880 $20 countersigned Silver Certificate signed by T. Hillhouse payable at New York, deposited with the Assistant Treasurer of the United States. The note we are offering is the note pictured in Freidberg and is really a beautiful note. One could not ask for quality better than this. This note is different from the 1878 countersigned because the counter signature was printed at the Treasury, not pen signed as the 1878 and it is brown, similar to the Friedberg 309, 310, and 311.

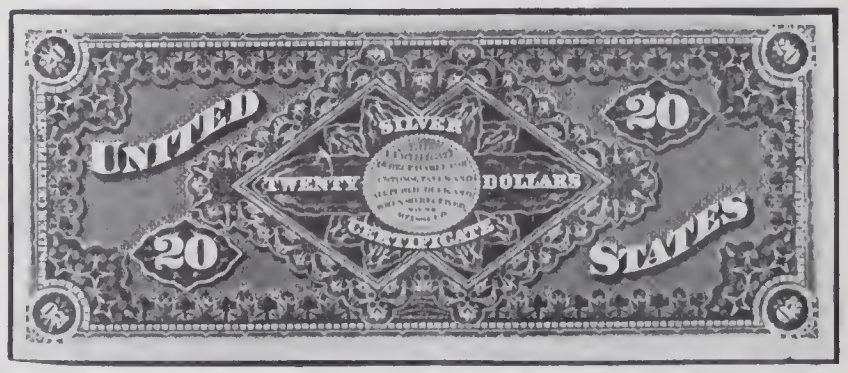
Again this note is much rarer than the catalog indicates, it just does not show up. Only in the finest collections will you find notes of this rarity.. . . . . $6,500.00

Fr. 314 $20 1886 XF This is one of the finest diamond backs $20 notes I have ever seen or been offered. Certainly there must be a better note or two around but in the last 5 or 6 years they haven't been on the market and have been obviously snapped up by brilliant collectors. This note is well worth the price because I don't know where I could replace it at twice the money. $2,500.00
Fr. 315 $20 1886 VF. $1,500.00



Fr. 316 $20 1886 This is the one year type in the diamond back $20 with the small seal at the lower right of the note. A very rare note offered again only in the finest collections. I probably won't be able to offer this note again for many many years. $4,750.00

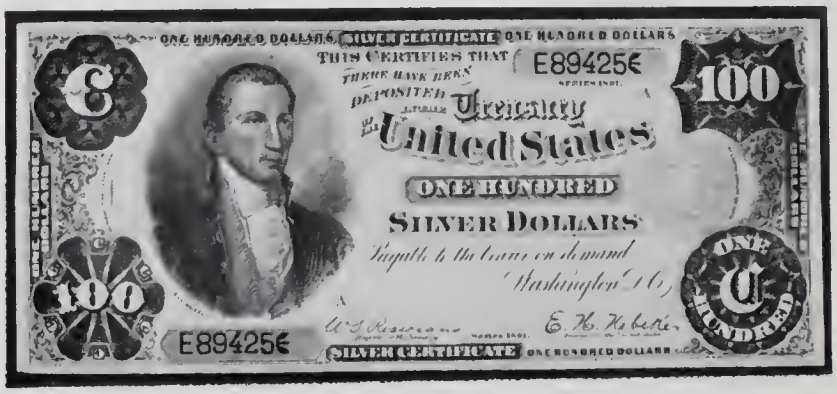
Fr. 341 $100 1880 XF This note is one of the most beautiful of all notes issued by our government. It has beautiful art work and is an excellent note to look at. The last two specimens I had the pleasure of handling were a Very Fine which brought $3,250.00 two years ago and a Gem CU which was listed at $12,000.00 a little over two years ago. $4,750.00



Fr. 343 $100 1891 VF+ This note in my opinion is very under-rated. In the Allen collection there was a Ch. Au which was offered at $7,500.00 but other than that I can't remember the last time when I was offered either a 343 or 344 and this collection has both. $4,400.00

Fr. 344 $100 1891 F+ It seems strange that this note is only F+ and is over the catalog price for uncirculated but since I have never seen an uncirculated note and wouldn't be surprised if I never did, I am sure that this note will sell quickly $3,000.00

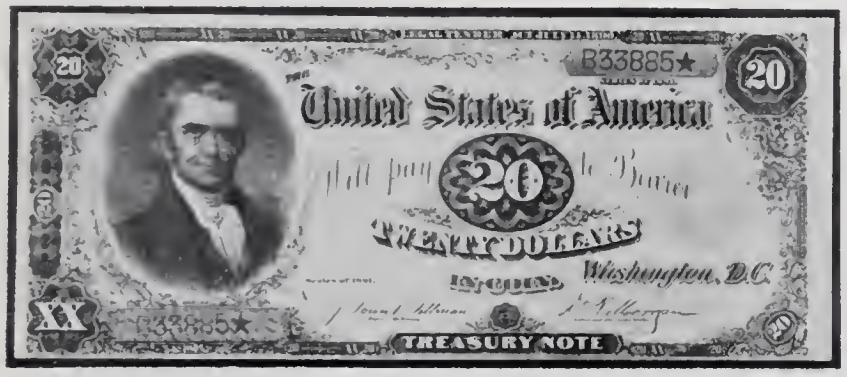
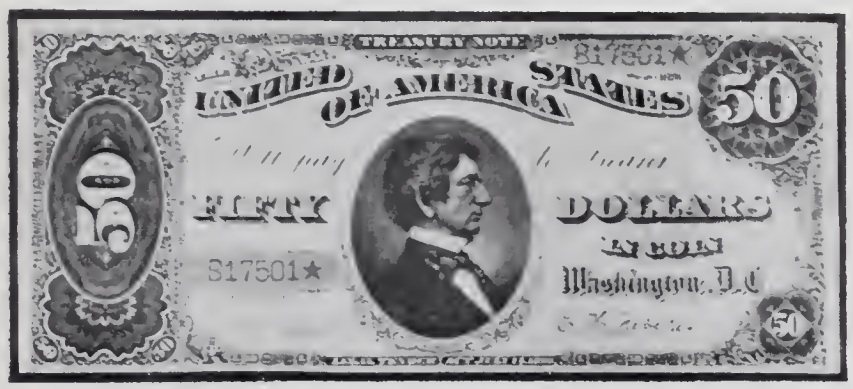
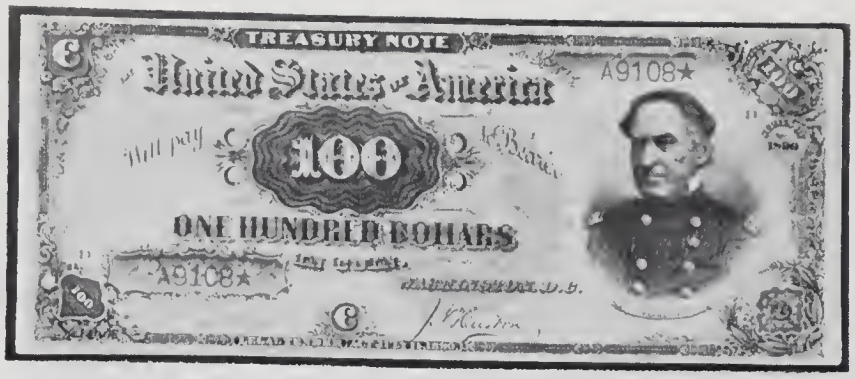
Fr. 374 $20 1890 VF $1,450.00



Fr. 375 $20 1891 F+ The 1891 series $20 coin note has turned out to be much rarer than the 1890 series even though both are scarce $2,500.00



Fr. 376 $50 1891 XF+ This is the famous Seward note and just per chance happens to be the Friedberg plate note. According to Friedberg only 25 pieces are still reported outstanding on the U. S. Treasury books, and about 15 of those specimens are known. This note is from the famous William A. Philpot, Jr. collection and in my opinion is probably the rarest and most desirable note in the entire collection. The last specimen I know of sold was a badly washed VF which brought $11,000.00 over a year ago. $24,000.00



Fr. 377 $100 1890 XF Yes, this is the famous Watermelon note so called because of the shape of the large zeros on the reverse. The obverse has a vignette of Admiral David Farragut, the first man to hold the rank of Admiral in the U. S. Navy. This note is a Friedberg plate note.
. . . . . $18,500.00

Fr. 378 $100 1891 VF This note is the same obverse as the Fr. 377 but has the opened back reverse of which only five or six specimens are known. Our specimen is one of several which has slight scorching around the edges. This note is still very desirable to look at and is certainly one of the rarest in a collection, and amazingly enough it was completely unknown until around 1940. It was determined that only 16,000 notes were printed. Who knows when you'll have another opportunity to buy this note. Certainly one of the most significant notes in the entire collection. $17,500.00

GOLD CERTIFICATES

United States Gold Certificates offer the collector a more significant challenge than other series in many respects. The remaining number of each outstanding issue is very difficult to determine, as most Americans responded to the order of the Roosevelt Administration and redeemed their gold certificates as directed. This listing offers a very desirable selection of common and rare notes.

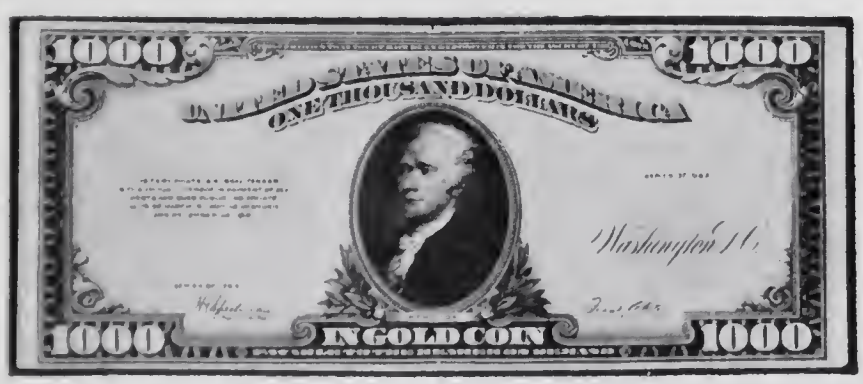
Fr. 1217 $500 1922 F+ The above listing of three $500 gold certificates all with different signatures combinations is to say the least very unusual. This certainly would be a unique opportunity to pick up the three notes with really a very small cash outlay $1,250.00



Fr. 1220 $1000 1922 F There seem to have been more $1000 gold certificates on the market in the last year than for the several years previous, but still they usually have been asking in the neighborhood of $2,500.00 for a note of this quality. Therefore, I would say that it is a pretty good deal. $1,950.00

Fr. 1225 $10,000 1900 VF punched cancelled. This note is no longer redeemable in United States currency but it was in fact a U. S. note used in bank to bank transfers. Always popular $350.00

COMPREHENSIVE BREAKDOWNS OF ALL NATIONAL BANK NOTES are now available in deluxe bound library form. This information was prepared by Louis Van Belkum through mounds of research in the National Archives and when originally sold cost nearly $25,000.00. These listings list each bank within a state and an accurate picture of the notes issued by that bank, along with serial numbers (in most cases) and final outstanding figures for both large and small size. This information is invaluable for anyone with a serious interest or investment and can be purchased by the country, region of the country or by individual states at a nominal price. I have printed this information so that the general collectors can understand better the real rarity of nationals in the scheme of all paper money.

We've outlined four numismatic doubts that coin buyers may experience, and have shown how we have been working to eliminate these doubts when buying from us. The new ad campaign recently broke in mid-January in *Coin World*. Please watch future issues of *Coin World* to see how we've worked on solving some of the problems of mail order coin buying.

Pictured on the cover are the following coins: an 1832 Half Dollar (Reverse) in Gem BU (65), an 1883 Half Dollar in Gem BU (65+), an 1839-O Half Dollar in Gem BU (65+), an 1899 Dime in Gem Proof (65+), an 1875 Twenty-Cent Piece (Reverse) in Gem Proof (65), and a partial roll of 1879-S Morgan Dollars in Gem BU (65).

Steve Ivy Rare Coin Co.

The originator of the guaranteed grading system

Ron Howard—
A welcome addition as Manager of the Rare Coin Department.

Dear Customer & Friend:

It is a great pleasure for me to greet, for the first time, the many customers and friends of Steve Ivy Rare Coin Co.

Behind me are five years as a professional numismatist and chief buyer for one of the nation's larger mail order rare coin firms; before that, many more years as a collector. I now eagerly look forward to my association with Steve Ivy Rare Coin Co., and offer my experience and knowledge to serve our customers.

I chose Steve Ivy Rare Coin Co. because I considered it, from the inside looking out, the most dynamic and the most highly consumer-oriented firm in numismatics. Steve's creation of guaranteed grading, the fast service provided by his competent staff, the introduction of color photography to rare coin catalogs and his constant policy of placing his customer satisfaction before all other goals are just a few of the reasons I joined his team.

I hope you will consider these reasons as you examine this catalog, and order with confidence from the best rare coin company going! This catalog includes purchases from two major collections, each of which contained material withheld from the numismatic marketplace for decades. The market looks extremely strong at this time, and we expect a record response. Please order early, and don't hesitate to call to reserve items of particular interest to you.

I look forward to serving you as a part of Steve Ivy Rare Coin Co.

Sincerely,

Ron M. Howard

Gem Original Red Draped Bust Half Cent.

1806 Gem Red Unc (65) This coin has 80% of its original mint red and is very rare as such. Many of the early Coppers have been cleaned and recolored to give them the appearance of original mint red coins. This has acted to depress the value of the genuine item. The Famous 1827 Quarter Dollar.

1827 Ch Proof (60+) Restrike. The 1827 Quarter is the contemporary of the other famous restrike issues, including the 1804 Dollar, struck during the late 1850's and early 1860's, under the auspices of several mint employees. The 1827 Restrike Quarter in silver is not a pattern issue and a limited number were coined solely to satisfy collector demand for the date (as the 1827 Original, curl base 2, had already been recognized as a rarity). The following excerpt from a letter dated January 22, 1859 from James Ross Snowden, Director of the Mint, to Secretary of the Treasury, Howell Cobb, sheds a bit of light on the subject:

> Sir,
> We are daily pressed upon, by collectors of coins from all parts of the country either by letter or in person, for specimens of pattern pieces of coins, and rare types. A few of these have been in every case issued—some of them got into the hands of dealers and are sold at excessive prices. I propose, with your approbation, to check this traffic, and at the same time gratify a taste which has lately increased in this country, and seems to be increasing every day, namely by striking some of each kind and affixing a price to them, so that the profits may enure to the benefit of the Mint Cabinet of Coins and Ores which is the property of the United States; an exact amount of which will be kept and rendered to the Department.

The presently offered specimen of the 1827 Restrike Quarter was probably an early impression from the dies, as it is struck from very lightly rusted dies and has exceptionally brilliant surfaces. Its pedigree can be traced to the R. L. Miles Collection, and it is one of only nine known specimens. The issue is of virtually the same rarity as the 1827 Original Quarter, a specimen of which is on the market at a price approaching six figures. To own a coin of this magnitude, a truly romantic issue, would represent a gratifying experience for the connoisseur of American numismatic rarities. . 19,500.00

BUST HALVES

One Of The Finest Known Flowing Hair Half Dollars.

1795 Ch BU (60+) Well struck. Nice mint luster with light gold and gray toning. An extremely scarce one year type coin. One of the three or four nicest of this type we have seen. Absolutely void of any defects or adjustment marks. Priced fairly 9,500.00

Gem Proof Bust Half Dollar.

1830 Gem Proof (65) As with the 1835 Dime in this price list, there is absolutely no doubt about this coin being a Proof. This coin has complete mirror surfaces and needle-sharp detail. There are some lines in the fields but they are probably a result of the polishing of the dies. Often times prooflike examples are offered as Proofs at bargain prices which has acted to hold the price down on the real thing. As a Proof, this is probably an R-7 item and is extremely rare as such. (see color photo). 5,250.00

1832 AU (50). 125.00
1832 Gem BU (65) Attractive blue and gold toning. An exceptional specimen. (see color photo). 895.00

REEDED EDGE HALVES

1839 VF (20) Reeded edge 65.00

Beautiful 1839-O Half Dollar.

1839-O Gem BU (65+) Splendidly toned, with light green and yellow hues about the periphery mellowing to rose shades in the center of the coin, with shimmering luster emanating throughout. The piece possesses impeccable surfaces and is well struck, with all stars save the first exhibiting complete centers. We have seen more Gems of the more heralded 1836 Reeded Edge Half than of this date. The fact is, the survival ratio of Choice 1839-O Halves is hundreds of times lower than that of the 1836 Reeded Edge and, in our judgement, the 1839-O is a superior buy.

This coin is of such precious quality that it could satisfy the most fastidious type collector; it is of such rarity in this condition that probably no amount of money could purchase another. It will be a fortunate new owner who takes advantage of this infrequent combination of quality and rarity which is present in this remarkable coin. (see color photo) 7,500.00

Important 1875 Proof Quarter Eagle.

1875 Ch Proof (60+) This coin is one of the great rarities of United States gold coinage. This date has a total mintage of only 420 pieces (20 Proofs, 400 Business Strikes). It is fully brilliant with only a few very trivial hairlines. Probably no more than five pieces of the Proof coinage can claim to be equal to this specimen. In our opinion, this is one of the most underrated gold coins in terms of price. As an example, an 1875 $5 in Proof condition just brought $91,000 in the Garrett Sale. Previous to that, an Extremely Fine coin brought $60,000. The $2-½ and the $5 have exactly the same Proof mintage (20). The Business Strike issues are 200 vs. 400, of which probably less than 5% are known. We feel this is an excellent opportunity for the astute buyer 24,000.00

Historical 1861-S Pacquet Reverse Double Eagle.

1861-S Paquet EF/AU (45+) The reverse designed by Anthony Paquet. These new reverse dies, featuring tall, narrow letters, were sent to the branch mints which struck the denomination. A trial striking at Philadelphia of two examples on January 5, 1861, showed the new die to be unsuitable for regular issue coinage. James Pollack, Director of the Mint, sent messages to New Orleans and San Francisco suspending further use of the die. The message arrived at New Orleans but failed to reach San Francisco, due to rather primitive travel conditions and lack of a telegraph. In the interim, 19,250 were struck at San Francisco using the Paquet reverse. When word reached the mint, most of these were melted and recoined using a leftover regular reverse die. A few reached circulation. An immensely desirable and historical issue and one of the finer examples to appear for public sale 7,500.00

"THE HONG KONG CONNECTION"

A surprising number of United States coins resides in the exotic port of Hong Kong. Present day collector activity is brisk there, with considerable interest in U. S. coins. These U. S. coins were transplanted to Hong Kong due to American seamen sailing to Asian shores during the last century. As these seamen departed, they left behind some "foreign" coins from America. Coins of the U. S. are therefore frequently encountered. When we sent our buyer to Hong Kong, he discovered that, to his delight, coin bargains are also frequently encountered! You can share in those bargains by ordering from the following list of coins, each of which was purchased in Hong Kong.

It is interesting to note that nearly all of the coins of this group were minted in San Francisco, the most common port of origin of vessels bound to Hong Kong from America.

Commemorative Halves

Choice Brilliant Uncirculated (60+)

A Commemorative issue which has seen no circulation and has full luster. The coin will be completely as struck. The coin may have bagmarks which were acquired through normal handling through the years. Commemoratives in this grade are of better than average quality uncirculated specimens.

Gem Brilliant Uncirculated (65)

This is an uncirculated coin which has a strong strike for the issue and a minimum number of bagmarks. These coins will have full brilliance, but may be naturally toned. Commemoratives are seldom found any better than this. In short, coins which meet this grade are the finest quality available on the market.

Steve Ivy Rare Coin Co.

The originator of the guaranteed grading system

Dear Customer and Friend:

Many exciting things have happened at Steve Ivy Rare Coin Co. since our last full-color catalog in February. First of all, we have moved to our beautiful new office in North Dallas, giving us more room to serve you better, and providing space for future expansion. Please note our new mailing address. When in the Dallas-Fort Worth area, be sure to give us a call and stop by.

Our buyers have been successful in providing an extensive selection of new purchases in this catalog. Whether you are an advanced collector looking for a single rarity, or a new investor who would like to put a few things away for the future, the coins you need may be listed. Among the items making their debut in our color catalog are a Choice Uncirculated 1795 Half Cent, an incredible 1801 Eagle, and many members of a superb set of Commemoratives which we have recently purchased.

The coin market looks stronger than it has in years. Gold coins are again extremely popular and, in all probability, have a more solid base of support than ever before. The demand for Choice and Gem type material seems perpetual. Perhaps the hottest non-gold series at the moment are Morgan and Peace Dollars, which are attracting new collectors and investors every day.

We hope you find this issue enjoyable and, should you discover something of interest to you, please submit your order at your earliest convenience.

Sincerely,

Ron Howard

LARGE CENTS

Outstanding 1794 Large Cent.

1794 Ch R&B Unc (60+) This is one of the four or five nicest 1794 Large Cents we have ever seen. The coin has quite a bit of the original mint red with the remainder of the surfaces being a beautiful, glossy brown. The coin is very well struck. The planchet has several cracks on the obverse, which is typical of many early coppers. In addition, there is one die break between the "I" and "B" of "LIBERTY". Without a doubt, this is the finest 1794 Large Cent on the market at this time. The record for this date is $13,000, brought at the Miami A.N.A. in 1974. Would fit into the finest type set. Museum quality. (see color photo) 5,750.00

1803 Gem R&B Unc (65) Well struck with full hair detail. Absolutely gorgeous surfaces and color. A candidate for the most advanced type set. An excellent opportunity. (see color photo) 3,250.00

Gem Classic Head Large Cent.

1812 Gem R&B Unc (65) Needle-sharp strike. Amazing red and gold color. Some ever so slight spotting on the reverse keeps this coin out of the superb class and a $10,000 price. A very lovely coin. (see color photo) 2,650.00

HALF CENTS

Exceptional 1795 Half Cent.

LARGE CENTS

Outstanding 1794 Large Cent.

1794 Ch R&B Unc (60+) This is one of the four or five nicest 1794 Large Cents we have ever seen. The coin has quite a bit of the original mint red with the remainder of the surfaces being a beautiful, glossy brown. The coin is very well struck. The planchet has several cracks on the obverse, which is typical of many early coppers. In addition, there is one die break between the "I" and "B" of "LIBERTY". Without a doubt, this is the finest 1794 Large Cent on the market at this time. The record for this date is $13,000, brought at the Miami A.N.A. in 1974. Would fit into the finest type set. Museum quality. (see color photo) 5,750.00

1795 VG (8) Scarce lettered edge type 95.00

1803 Gem R&B Unc (65) Well struck with full hair detail. Absolutely gorgeous surfaces and color. A candidate for the most advanced type set. An excellent opportunity. (see color photo). 3,250.00

BUST HALVES

1795 VG (8) 275.00

Noteworthy Capped Bust Half Dollar.

1812 Gem BU (65+) Expensive, but quality such as this is never cheap. (see color photo) 1,450.00

1813 BU (60) Nice strike with full mint luster. Some slight irregularities on the reverse at 5 o'clock caused by the edge lettering. (see color photo) 395.00
1814 Gem BU (65) (see color photo) 850.00

Exciting Gem Proof Bust Half Dollar.

1830 Gem Proof (65) As with the 1835 Dime in this price list, there is absolutely no doubt about this coin being a Proof. This coin has complete mirror surfaces and needle-sharp detail. There are some lines in the fields, but they are probably a result of the polishing of the dies. Often, prooflike examples are offered as Proofs at bargain prices which has acted to hold the price down on the real thing. As a Proof, this is probably an R-7 item. (see color photo) 5,250.00

1832 AU (50) 125.00

REEDED EDGE HALF

1838 AU (50) A small planchet defect at the rim. Nice mint luster. In all, an appealing coin 195.00

1834 Gem BU (65) Plain four. This coin was Lot No. 1045 of the Bowers & Ruddy Austin Sale in 1974, where it brought $27,000. Walter Breen can only trace two Mint State specimens of this date and type in existence. It has lovely color with a prooflike reverse. In addition, it is a virtual full strike. DOUBLE EAGLES

1861-O EF (40) Catalogs at $2,200. Nice mint luster. 1,875.00

Interesting 1861-S Paquet Reverse Double Eagle.

1861-S Paquet EF/AU (45+) The reverse designed by Anthony Paquet. These new reverse dies, featuring tall, narrow letters, were sent to the branch mints which struck the denomination. A trial striking at Philadelphia of two examples on January 5, 1861, showed the new die to be unsuitable for regular issue coinage. James Pollack, Director of the Mint, sent messages to New Orleans and San Francisco, suspending further use of the die. The message arrived at New Orleans but failed to reach San Francisco, due to rather primitive travel conditions and lack of a telegraph. In the interim, 19,250 were struck at San Francisco using the Paquet reverse. When word reached the mint, most of these were melted and recoined using a leftover regular reverse die. A few reached circulation. An immensely desirable and historical issue and one of the finer examples to appear for public sale 7,500.00

One Of Few Surviving 1929 Double Eagles.

1929 Gem BU (65) In 1929, the handwriting was already on the wall for U. S. gold coins. The three mints would strike nearly six million Double Eagles, but only a relative handful would survive the melting pot. No one knows exactly how many of each particular date escaped, but that unique time in our country's history created some of our most famous and beautiful gold coin rarities. (see color photo). We proudly offer this Gem example for 5,750.00

A Pair Of Gem Proof Stellas In Copper.

J-1636 Gem Proof (65) 1879 $4. The famous "Stella" struck in copper. Flowing Hair. Exactly the same design as the gold issue. When one considers the purchase of this piece, he must remember that all Stellas are Patterns, and that this copper Pattern is about thirty times rarer than its gold counterpart. This coin has beautiful surfaces and a full wire rim. Not gilt, as many of the few known specimens have been. (see color photo) 7,500.00
J-1639 Gem Proof (65) 1880 $4. Flowing Hair Stella in copper. Similar in rarity, quality, and appearance to J-1636. Also rarer than the gold coin from the same dies. Pattern Eagle

J-1175 Ch Proof (60+) 1871 $10 in nickel. Similar in appearance to the Half Eagle (J-1172). Possibly unique (no rarity rating in Judd) 2,250.00

Pattern Double Eagle

J-1178 Gem Proof (65+) 1871 $20 in nickel. Listed as R-8, but it is perhaps unique. This is the most incredible nickel Pattern we have ever seen. Because of its extreme hardness, nickel coins or Patterns were rarely fully struck-up by the mint. And the larger the dies, the more difficult it became to impart proper detail to the planchets. This is shown by the progressively weaker strikes of most gold die trials in nickel as their denomination increases. However, special attention was obviously paid by the mintmaster to this piece, as it is equal to the strike of any gold Proof Double Eagle! In our opinion, this is the most beautiful nickel piece (Pattern or regular issue) ever produced by the U. S. Mint. (see color photo). 4,750.00

Gorgeous 1806 Half Eagle.

1806 Gem BU (65) Round top "6". All original luster remains on the problem-free surfaces. Gorgeous color, perfectly centered, and an above average strike. (see color photo) 4,250.00

Important 1834 With Motto Half Eagle.

1834 Gem BU (65) Plain four. This coin was Lot No. 1045 of the Bowers & Ruddy Austin Sale in 1974, where it brought $27,000. Walter Breen can only trace two Mint State specimens of this date and type in existence. It has lovely color with a prooflike reverse. In addition, it is a virtual full strike. A beautiful coin indeed, and worthy of the finest cabinet. Priced very fairly. 22,500.00

Rarely Offered Mint State "O" Mint Half Eagle.

1844-O Ch BU (60+) Full, booming mint luster, and quite well struck, especially for a New Orleans issue, with full eagle's claws, shield lines, and wingtips on the reverse. As a group, No Motto Half Eagles from the New Orleans Mint are nearly as rare as those from Charlotte and Dahlonega, although they are, relatively speaking, more reasonably priced. 1801 Gem BU (65) Great color and nearly a perfect strike. No adjustment marks and virtually no handling signs at all. Similar coins have traded at $7,500 and more. (see color photo) 6,500.00

1803 Ch BU (60+) Exceeded in rarity in this outstanding condition by no other date of this type except 1804. This coin exhibits an indescribably beautiful color and is virtually fully struck. Only a few very light obverse adjustment marks keep this coin out of the Gem classification. In fact, this is the second nicest of this type we have ever handled. (see color photo) 5,950.00

DOUBLE EAGLES

1861-O EF (40) Catalogs at $2,200. Nice mint luster. 1,875.00

Interesting 1861-S Paquet Reverse Double Eagle.

1861-S Paquet EF/AU (45+) The reverse designed by Anthony Paquet. These new reverse dies, featuring tall, narrow letters, were sent to the branch mints which struck the denomination. A trial striking at Philadelphia of two examples on January 5, 1861, showed the new die to be unsuitable for regular issue coinage. James Pollack, Director of the Mint, sent messages to New Orleans and San Francisco, suspending further use of the die. The message arrived at New Orleans but failed to reach San Francisco, due to rather primitive travel conditions and lack of a telegraph. In the interim, 19,250 were struck at San Francisco using the Paquet reverse. When word reached the mint, most of these were melted and recoined using a leftover regular reverse die. A few reached circulation. An immensely desirable and historical issue and one of the finer examples to appear for public sale 7,500.00

One Of Few Surviving 1929 Double Eagles.

1929 Gem BU (65) In 1929, the handwriting was already on the wall for U. S. gold coins. The three mints would strike nearly six million Double Eagles, but only a relative handful would survive the melting pot. No one knows exactly how many of each particular date escaped, but that unique time in our country's history created some of our most famous and beautiful gold coin rarities. (see color photo). Pattern Four-Dollar Gold

A Pair Of Gem Proof Stellas In Copper.

J-1636 Gem Proof (65) 1879 $4. The famous "Stella" struck in copper. Flowing Hair. Exactly the same design as the gold issue. When one considers the purchase of this piece, he must remember that all Stellas are Patterns, and that this copper Pattern is about thirty times rarer than its gold counterpart. This coin has beautiful surfaces and a full wire rim. Not gilt, as many of the few known specimens have been. (see color photo) 7,500.00
J-1639 Gem Proof (65) 1880 $4. Flowing Hair Stella in copper. Similar in rarity, quality, and appearance to J-1636. Also rarer than the gold coin from the same dies. The price of this rarity is a numismatic anomaly, since a pair of 1880 Flowing Hairs have been offered at $49,500 each in recent months. An important and historic item. (see color photo) 9,250.00

New Additions

Since our last color catalog, our firm has experienced much activity and growth. We've expanded our facilities and moved our offices to the new Greenville Avenue Bank Building. Our inventory is packed with many new coins, nearly all purchased within recent weeks. This catalog displays one of the most comprehensive listings of beautiful type and rare date coins, and a multitude of Morgan Dollars, many with mirror-like surfaces.

A New Buyer

Again we are pleased to announce a new addition to our staff. Dave Berg, our new manager of our wholesale department, has been buying and selling coins for over fifteen years. It is through his buying talents that we are able to increase the selection of beautiful coins in this catalog. Dave is a very active buyer, and is constantly looking to purchase coins for our inventory. If you have coins you would like to sell, send them to Dave. He's anxious to buy and will make you a very handsome offer for your coins.

New Coins—New Catalogs

Because of our increased buying activity and the many new coins we have in inventory, we've increased the frequency of our catalog mailings. You should receive updates on our inventory approximately every two to three weeks. Each mailing will have the most updated listing of our inventory so that you will continually have the opportunity to buy the coins you need.

Our Guarantee

We guarantee that coins purchased from us are graded correctly and will meet our high standards when you wish to sell them. Further, we guarantee to purchase these coins at the same grade as they were sold, and if you request auction for disposal of your collection, Steve Ivy Numismatic Auctions, Inc. will catalog your coins at the same grade which you purchased them.

We further guarantee the authenticity of all coins listed. As proof of our certainty that no counterfeit or altered coin can escape our attention, we will guarantee to refund full purchase price plus 10% interest per year on any non-authentic coin sold by Steve Ivy Rare Coin Co.

Dear Customer and Friend:

Welcome to our latest full-color catalog! We are pleased to announce that professional numismatist Dave Berg has joined our firm. Dave has moved to Dallas with his wife, Karen, and their two children from Pittsburgh, Pennsylvania. Dave has earned an excellent reputation and acquired a solid background in United States coins during his years in the coin business. His specialties are type coins and Patterns.

As you can see, Steve Ivy Rare Coin Co. has enjoyed substantial growth during the last year. We've moved and enlarged our offices, made valuable additions of personnel, installed the most modern computer equipment available, and made all the changes we think necessary to continue to give you, our customer, the quality of coins and service you expect from us. And we are proud of our record!

We are confident that the coin market is in the early stages of the strongest sustained growth period it has ever undergone. Notice we say "is", not "ready to be" or "looks as if it might". The signs are all present—a broad market base, a scarcity of quality coins, revived collector and investor interest, lackluster performance by the stock market and other investment areas, continuing inflation, and numerous other factors.

It's the job of the professionals at Steve Ivy Rare Coin Co. to be on top of all market factors at all times. You don't have to do elaborate research or become a specialized numismatist to enjoy collecting rare coins. We do it for you! And the professionals say that now is the best time in many years to invest. Prices are definitely on the rise, so don't wait too long! If you would like some investment advice, don't hesitate to call and ask for me on our WATS line. I would enjoy chatting with you.

Sincerely,

Ron Howard

Early copper rarities have come into their own in the last few years, with five-figure prices not unusual. Considering the rarity and quality of this 1795 offered here, we feel our price affords the new owner good reason to expect gratifying results from this coin in the future. HALF DIMES

Exquisite 1797 Half Dime

1797 Gem BU (65) The most incredible example of this date and type we have ever encountered. While not being fully struck, it is as strong a strike as we have ever seen for this coin. Under strong magnification, the coin shows no defects whatsoever. One die break bisects the obverse, but it only adds another dimension to this already remarkable coin. This coin surfaced at this year's A.N.A. Convention and came from Europe in recent months. It has no doubt been there for most of its existence. As mentioned, the coin is well struck and richly toned in primarily golds and browns. A once in a lifetime opportunity for the connoisseur of fine coins. (see color photo) 9,750.00

QUARTER EAGLES

Prohibitively Rare Early Quarter Eagle

1798 Ch AU (55+) Wide date, five berries. Of immense importance because of its rarity and condition. Incredibly well struck for this date, so much so that the amount of detail apparent surely surpasses that visible on the few pieces that may exist in Mint State. The obverse is completely free of any nicks, scratches, or adjustment marks. The shield lines are bold and completely separated. The eagle's breast and wingtips are full. Both obverse and reverse surfaces are prooflike. Dave Aker's research testifies to the rarity of this piece, as it shows no specimen cataloged as Uncirculated has appeared at auction since 1963. We are proud to offer this exciting coin. (see color photo) 8,500.00

1808 Ch AU (50+) This is the third nicest example of this rare and elusive type coin we have ever encountered. It is quite well struck and has very nice mint luster. 16,500.00

This coin has beautiful surfaces and a full wire rim. Not gilt, as many of the few known specimens have been. (see color photo) 7,500.00

J-1639 Gem Proof (65) 1880 $4. Flowing Hair Stella in copper. Similar in rarity, quality, and appearance to J-1636. Also rarer than the gold coin from the same dies. Commemorative Halves

Choice Brilliant Uncirculated (60+)

A Commemorative issue which has seen no circulation and has full luster. The coin will be completely as struck. The coin may have bagmarks which were acquired through normal handling through the years. Commemoratives in this grade are of better than average quality uncirculated specimens.

Gem Brilliant Uncirculated (65)

This is an uncirculated coin which has a strong strike for the issue and a minimum number of bagmarks. These coins will have full brilliance, but may be naturally toned.
Commemoratives are seldom found any better than this. In short, coins which meet this grade are the finest quality available on the market.

Color is for results.

When selling our consignors' coins, our main objective is to realize the highest possible price for the total consignment. We know that in order to accomplish this objective we must sell as many coins as possible to retail collectors and not wholesale to dealers. We also know that the auction catalog is the only source available to the retail mail bidders to make their purchasing decisions. Because of these facts we believe that the auction catalog should show the most appealing representations of the coins being sold. And color does this best.

Color is accurate. Color photography is the only way to depict the coin with the precision necessary for mail bidders to bid with great confidence. The color pictures show detail, relief, strike, and most importantly color. With this kind of information, the mail bidder can bid more aggressively because he knows exactly what he is buying.

Color is beautiful. In order to realize the highest possible prices, your coins must be pictured in the most pleasing and complimentary manner available. Our color catalog allows your coins to exhibit their natural beauty using the most sophisticated color printing techniques. Now a toned Proof can be seen, and the attractive blues, greens, and golds appreciated.

Color is reality. With the exception of holding the coin in his hand, the mail bidder has no better way to see the exact appearance of the coin than with color. Our color photographs depict the coin as it is. This allows the true quality of the coin to be observed, and consequently a confident bid can be submitted according to that true quality.

Color is for results. Our all color catalog gives the retail mail bidder the best possible reference to make his bidding decisions with a high degree of confidence. This is supported by the fact that over 40% of all the coins in our auctions sell to mail bidders. This record level of retail mail bid participation and our color catalog insures you of receiving the best results when selling your coins.

Let us put our all color catalog to work for you. Call our Auction Director Bob Merrill today, toll free, at 1-800-527-4503. He'll tell you how you can get the best results using our beautiful color catalog.
